### **An open letter to Joy Romero, Chair of AU Governing Council.**

Dear Ms. Romero;

On behalf of the students of Athabasca University, we are excited and encouraged by what Dr. Frits Pannekoek has called the “second greatest milestone” in the history of Athabasca University. The approval of \$30 million toward AU’s new administrative and research center, as announced today by Minister of Advanced Education and Technology Doug Horner, is a tremendous step toward ensuring that AU will remain one of Canada’s finest educational institutions.

This funding demonstrates Alberta’s strong commitment to Alberta’s students, and the students of Athabasca University. Athabasca University also demonstrates this commitment through its focus on increasing affordability, accessibility and quality of education for our members. Recent limits imposed on annual tuition increases are an important first step toward ensuring affordability. Today’s funding announcement will further address accessibility issues for AU students.

In early 2007, AUSU presented the government and AUGC with a document detailing our *Vision for a Skilled Alberta*. It is clear that our concerns have been heard and that steps are being taken to ensure that students’ views are incorporated into revisions to our education system and university services. We are encouraged that we have reached this milestone to improve the main campus of our university and ensure that AU has sufficient staff to address growing student needs.

We now look forward to learning how AUGC and Athabasca University will use these funds to enhance the quality of AU’s offerings and we request a communication from AUGC to our members explaining how this new funding will enhance student services.

We continue to look forward to reaching future milestones that will ensure that AU can address the urgent need for enhanced learning and virtual communication technologies, more courses and programs, and research opportunities for students.
