Fostering the Student Community

AUSU and Voice gear is intended to support your studies and help you feel like part of the AU student community. Suggestions for new items are welcome. Contact our office with any questions.

Order and Shipping Information

Ordering and Shipping Information

Our Philosophy

While AUSU prepares our on-line store we are offering the following merchandise for sale by phone. Quantities for some items are limited and new items will be added to this list as they arrive.

AUSU is committed to helping members embrace the student experience, and we believe that SU and university merchandise helps build a sense of community. In keeping with this philosophy most items are priced at just above cost recovery so that we can offer a wider selection of items and cover handling costs. Our goal is to help everyone feel like part of the global student body.

Please note that shipping to overseas locations may be expensive for larger items, but we will always provide you with a price quote before processing your order. Duties and border fees vary widely, and we cannot predict these costs.

Return Policy

- If we send you the wrong item or an item that is damaged, we will provide you with an exchange or refund within 30 days. Please do not send any merchandise back without contacting us and getting a Return Authorization (RA) number.
- If all other cases, items can be exchanged within 30 days of the day of original purchase. Customer is responsible for shipping and returned items may be subject to a 20% restocking charge.
- Returned merchandise must not be worn, washed or altered and have all tags attached to it.
- CANCELLATIONS: Orders cancelled before shipping out are subject to a fee of 5 dollars (Canadian funds).
- CLEARANCE SALES: All sales of items marked Clearout or listed as AS IS are FINAL.
- UNAUTHORIZED RETURNS: may be subject to a 25% restocking charge and all customs/brokerage charges incurred during shipping back to warehouse will be withheld from refund amount. Shipping charges will not be refunded.
- Refunds will not be provided for items deemed mistreated or worn out.
- LIMIT OF LIABILITY: All merchandise contained in our catalogs is sold under the condition that we cannot guarantee the user freedom from injury. The user assumes all risks related to the use of the merchandise.

Payment Methods

We accept payments from the following:

Cheques & Money Orders

Other forms of payment are accepted if you do not wish to use your credit card for online purchasing. We accept certified cheques in Canadian funds and Money Orders payable in Canadian Funds. Please ask us for a shipping and merchandise total before sending a cheque. You may also visit our office in the Edmonton AU location to pay by cash.

A large, bold, white capital letter 'A' is centered on a solid light green background. The letter is the primary visual element of the page.

Bamboo Hoodies

Our men's and women's hoodies are Canadian-made from 70% bamboo and 30% organic ring-spun cotton. They are pre-shrunk and pre-washed, and retain their shape. We've put ours through the wash a few times and they still look great without any pilling. And, the zipper still lays flat. The fit is snug but with a light stretch, and they are very breathable and comfortable. The pullover scoop-neck style fits a little smaller.

The manufacturer, JERICO, makes everything in Canada, works with the WCB to ensure a high standard of employee safety and comfort, and is 100% sweatshop free.

Sleeve imprint in white except for natural which has chocolate imprint.

Bamboo is sustainable and UV resistant.

Organic Cotton Baby Onesies

Research shows that children whose parents have post-secondary education have a much higher likelihood of pursuing higher education. AU has a very high proportion of students who are parents, so it's not a stretch to say that we're inspiring a whole generation of future graduates! Our new baby wear lets everyone know that your studies are ensuring your baby a great future!

Made by American Apparel, these onesies are 100% Organic Baby Rib cotton. The foldover neckline adds a touch of style and makes it easier to pull over baby's big brainy head!

These are a medium weight fabric and very soft.

Shrinkage: will shrink an average of one size when put in the dryer. Wash in cold and dry flat. Not intended for sleepwear. Snap closure at gusset. Unisex

Organic cotton is grown without pesticides or chemicals from plants that have not been genetically modified.

Colours

Colours are difficult to reproduce perfectly on-line, so for comparison:

Cinder is a medium beige or "cafe-au-lait" colour; Galaxy has a touch of teal; Natural is a creamy off white; and Ultraviolet is between purple and pink.

Quantities are limited but we'll order more if they sell.

Eco-Smart Product

Products with this logo use natural, organic, or sustainable materials and are friendly to the earth. AUSU strives to select environmentally friendly options where possible for a greener tomorrow. If you have questions about a product or manufacturer, just ask!

Stainless Water Bottle

While the risks of polycarbonate water bottles are still unknown, many stores have pulled them off of their shelves and consumers are opting not to use them. More types of plastic are being implicated as possible carriers of harmful chemicals, but water remains the healthiest beverage and something we should all consume more of. We've chosen a stainless steel bottle because it is durable and recognized as one of the safest materials for food and water storage.

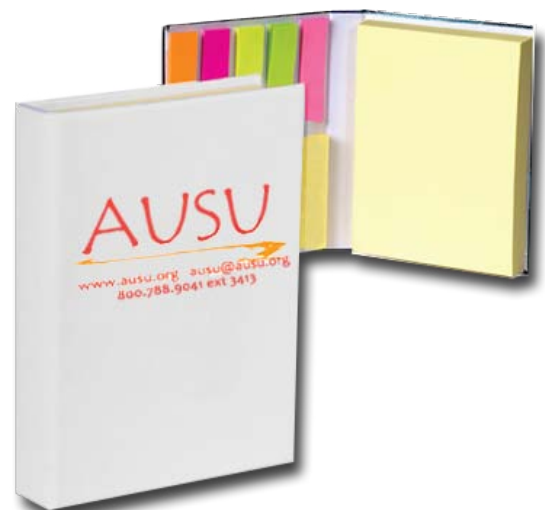

- High Quality food grade stainless steel
- Durable and lightweight
- 100% recyclable
- Non-leaching
- Toxin free
- No inner lining
- Clean tasting

Why iClick? iClick drives are better for the environment because the materials used, such as lead-free solders, are more easily decomposed and are less harmful to the environment than materials commonly used. Both the USB drive components and casing are eco-friendly and free of lead, mercury, cadmium, hexavalent chromium, PBB, and PBDE. Lead-free solders allow the drives to decompose without contaminated water with toxic lead, and improves the health of factory workers. The environmentally friendly standard also applies to vinyl pouch packaging, neck lanyard, and paper insert.
