Athabasca University Students' Union Welcomes Newly Appointed Executive Director

Athabasca University Students' Union (AUSU) is pleased to announce that Sarah Cornett has accepted the position of Executive Director of AUSU. She starts her new position effective August 17.

Sarah brings great skills and experience to AUSU as an organizational leader. She is a Certified Association Executive through the Canadian Society of Association Executives, and has 18 years of experience in strategic leadership roles. During that time she primarily worked as an Executive Director for a national advocacy body, which makes her a great fit for Executive Director of AUSU.

We look forward to Sarah Cornett's contributions to AUSU as Executive Director, as she works alongside the Executive and council members to address and serve member needs.

For further information, please contact ausu@ausu.org.

Issued on behalf of AUSU Council.
