

AUSU PREFERRED PRICING PACKAGE

WHO IS FYidoctors?

FYidoctors was founded by some of Canada's most reputable and respected optometrists. We started with the simple idea that patients should come before products, and that eye care should be our primary focus. Today, we're continuing that tradition, offering our patients complete eye care solutions. By working together we're able to provide our patients with the best possible eye care experience, including current lens technology and manufacturing, investments in the latest diagnostic instruments along with consultation from over 450 Doctors of Optometry. We serve over 280 locations across Canada (and still growing!).

WHAT DO I GET?

1 GUARANTEED PRICING

| STRENGTH | COVERAGE | LENS INCLUDED |
|---------------|-------------------------------|--|
| Single Vision | \$200 (retail value of \$350) | 1.5 Index Lens with Scratch Resistant, High Definition Anti-Reflective Coating |
| Progressives | \$300 (retail value of \$450) | 1.5 Index Lens with Scratch Resistant Coating |

Branded Frames Included: Anne Klein, Altair, bebe, Cole Haan, Converse, Joe, Joseph Abboud and Pepe Jeans

Exams: If applicable, patient insurance goes towards the cost of the eye exam.
Coverage of exam fees will be what your Provider determines as reasonable and customary.
