Overview

In May 2017 AUSU circulated a survey to all current AUSU members, and received some great feedback. The most notable results are that respondents generally felt in favor of AUSU services, with an average of 95% of respondents selecting "yes" (83%) or "maybe" (12%) in response to whether each AUSU service is useful.

However, the survey also indicated there is low awareness about AUSU, with an average of 68% of respondents being unaware of key AUSU services. However, this is an improvement over the 2016 survey which had an average of 76% being unaware of key AUSU services.

It is apparent from some responses that there is confusion about what some of the services are, and in some cases, whether they are AU or AUSU services, particularly in the Awards & Bursaries and Course Evaluations section. Many students stated they do not get the AUSU newsletters, but the survey was sent via the newsletter. Additionally, numerous students commented about not having access to AUSU services because they are an online student, so there is some confusion the nature of AU and AUSU.

The survey responses are summarized below.

Awards and Bursaries Continued...

Q39 Do you have any recommendations on how we can improve our awards and bursaries program?

NOTE: It was apparent from the responses to this question that some students did not understand the difference between awards and bursaries from Athabasca University versus those offered by AUSU. Many of the "other" responses are clearly referring to AU awards. For example, there were multiple suggestions for awards for out of province students, but all AUSU awards and bursaries are for students in any geographical location.

"Other" Responses

More awards for new / part time students	29	More merit based awards	6
Improved advertising / communications	13	More awards for people working full time	3
